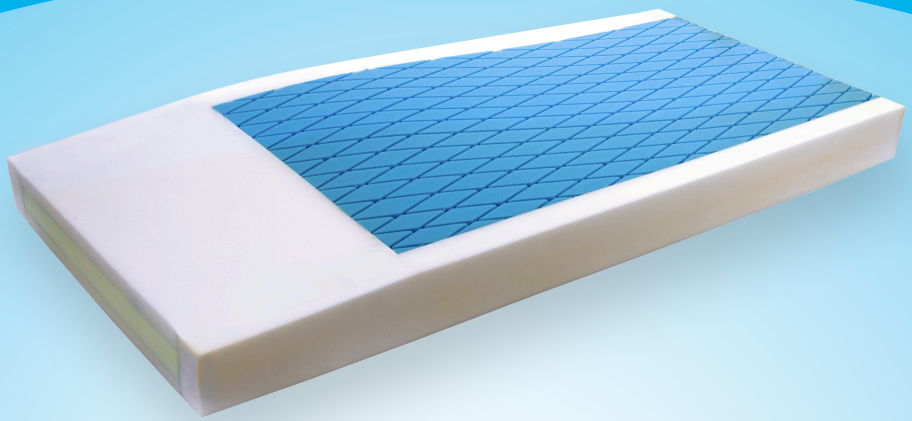
Protekt® 300

Pressure Redistribution Foam Mattress

HCPCS E0184



FEATURES AND BENEFITS:

- Multi-tiered pressure redistribution mattress with top layer of die-cut high density foam in the head and torso section. The exceptionally high resilient foam in heel section provides an unparalleled pressure redistribution support surface.
- The sloped heel section reduces pressure and increases blood circulation by redistributing the load from the heel to the less vulnerable lower leg.
- Middle layer of heel section has air channel cut foam which provides additional pressure redistribution in heel area.
- PTSS Rail System provides additional support for easy patient transfer and edge of bed sitting.
- Stretch nylon top cover reduces perspiration and provides a low shear friction surface that is anti-microbial and water resistant.
- Anti-Contamination Flap covers the zipper reducing the possibility of fluid migration.
- Fire sleeve meets Federal Fire Code 16 CFR part 1633.
- Weight Capacity: 400 lbs.
- Warranty: Core; 10 Year Non-Prorated.
  Cover; 2 Year.
- Optional raised rails available on all sizes.
