Proactive medical products

Protekt® Aluminum Oxygen Cylinders

Proactive Oxygen Cylinders are manufactured with premium-grade aluminum and designed to safely and effectively store liquid oxygen for use in homecare, long-term care and other medical facilities. The cylinders are constructed from durable, lightweight materials making them easy to carry and transport. The brushed aluminum tanks feature a clear coat finish for long-lasting protection. Proactive O2 Cylinders are available in M6, M15, M24, M60 and M122 models to meet the specific needs of a variety of patients. Manufactured to DOT and TC requirements and compliant with 5-Year hydrostatic testing.
